Geometry of the "Andersen Manufacturing" AMCS Antenna System (memo, 2000)

249 Beth Bartel November 3, 2008 Papers, Memos, and Presentations 1445

The attached memo discusses the geometric model of the AMCS antenna setup. This memo includes a brief description of the AMCS baseline with a Trimble choke ring antenna. This memo has a description of perfect pointing for the AMCS antenna and the deliberate mispointing of the antenna.

Memorandum

To: AMCS Group
From: Pedro Elosegui and Per Jarlemark
Subject: Geometry ofthe “Andersen Manufacturing” AMCS antenna system
Date: July 10, 2000
