L-com Online Cable Configurator

L-com has released an online tool for configuring Coaxial, Fiber Optic and Telecom /Modular cables:

- http://www.l-com.com/ProductConfigurator.aspx

1. Choose a type (Coaxial, Fiber or Telecom/Modular)
2. Choose your connectors and cable
3. Pick a length and quantity

The price and lead time will be automatically generated. Add to your e-shopping cart if desired.

L-com also has experience designing other custom products such as:

- Connectors
- Adapters
- Antennas
- Amplifiers
- Weatherproof Enclosures
