GPS Sensed Small Scale Water Vapor Variability in the Southern Great Plains (presentation)

597 Beth Bartel December 30, 2009 SuomiNet 2508

GPS Sensed Small Scale Water Vapor Variability in the Southern Great Plains

John Braun and Chris Rocken
GPS Science and Technology Program/UCAR

Outline

- Network Overview
    - Network Location
    - Station Components and Operation
- SW Observations vs PW Observations
- Results
- Tomography Simulations
- Example 3-D Refractivity Field

[See attached Power Point presentation for more.]
