Paroscientific MET4 - MET4 User Manual

622 Beth Bartel June 19, 2020 Paroscientific 1596

The attached .pdf file contains the Paroscientific, Inc. Digiquartz Pressure Instrumentation user's Manual For MET4 and MET4A Meteorological Measurement Systems.

Note: This document contains outdated and offensive "master-slave" terminology. Within UNAVCO and in our in-house materials, we have replaced this with "Access point (AP) – Station/Endpoint (STA)", but in manufacturer documentation and configuration software, the original usage will still remain when implemented.
